Fort Worth, Texas | (978)-518-6434 | [yshrestha2006@gmail.com](mailto:yshrestha2006@gmail.com) | [linkedin.com/in/yashaswi-shrestha-5737b4346/](https://www.linkedin.com/in/yashaswi-shrestha-5737b4346/) | [github.com/yshrestha06](https://github.com/yshrestha06)

## EDUCATION

**Texas Christian University**, Fort Worth, TX

Expected May 2028

*BS in Computer Science, Minor in Mathematics and General Business | GPA: 4.0*

## SKILLS

- **Languages:** Java, Python, JavaScript, C, HTML, CSS
- **Frameworks & Tools:** React.js, Node.js, Express.js, Spring Boot, Git, GitHub, VS Code
- **Databases:** PostgreSQL, MongoDB Atlas, Mongoose
- **Core Competencies:** Full-Stack Development, REST APIs, Problem Solving, Networking Fundamentals, Team Collaboration
- **Languages Spoken:** English & Nepali (Native), Hindi (Fluent)

## PROJECTS

**Fitness Tracker Web Application** (Java, React, Spring Boot, PostgreSQL, REST APIs), *Ongoing*

- Developed a full-stack fitness tracking platform using React, Spring Boot, and PostgreSQL.
- Built RESTful APIs to manage workout data and exercise history.
- Designed a responsive React interface with reusable components and dynamic state management.
- Developing workout tracking, nutrition logging, and user authentication features.

**Personal Website with Contact Form** (React, Node.js, MongoDB), *Fall 2025*

- Developed a full-stack personal website using React, Node.js, Express, and MongoDB.
- Built REST APIs to process and store contact form submissions.
- Integrated the React frontend with an Express backend and MongoDB database.

**Multi-Client Chat Application** (Java), *Spring 2025*

- Built a multi-threaded client-server chat system with private messaging and live user list updates using Java sockets and concurrency.
- Used Git for version control and implemented thread synchronization for concurrent client communication.

## PROFESSIONAL & TECHNICAL EXPERIENCE

**Texas Christian University – University Unions**, *Building Supervisor*, Fort Worth, TX

August 2025 – Present

- Supervise and coordinate student employees during daily operations and campus events.
- Manage daily building operations, including opening, closing, and event support.
- Coordinate event setup and teardown, ensuring facilities are event ready.
- Enforce university policies while providing excellent customer service.

**Nepal-US AI Hackathon 2025**, *Participant* (Virtual)

August 2025

- Built a React-based web application to analyze food images for nutritional information during a 48-hour hackathon.
- Developed frontend features and integrated APIs using Git for version control.
- Collaborated in a fast-paced team environment to deliver a functional prototype.

## LEADERSHIP AND EXTRACURRICULAR ACTIVITIES

**President**, *South Asian Intercultural Association*, Texas Christian University (2025 – Present)

- Lead the executive board and oversee organization operations and strategic planning.
- Plan and coordinate cultural, educational, and social events for the TCU community.
- Represent SAICA at university events while fostering an inclusive campus community.

**Member**, *Computer Science Society*, Texas Christian University (2024 – Present)

## AWARDS

- Dean's Honor List (Every Semester: Fall 2024 – Spring 2026)
- TCU Scholar (Every Semester: Fall 2024 – Spring 2026)
- Top 10 Honor Graduate (2024)
